# Introduction and Methodology

PostGrid dives deep into the world of direct mail marketing, presenting exclusive insights gathered from 325 businesses across North America. The report explores:

- **Emerging Trends:** How direct mail strategies are evolving in an increasingly digital-first world.
- **Key Challenges:** The roadblocks businesses face in achieving campaign efficiency and scalability.
- **Innovative Solutions:** How organizations are leveraging data, personalization, and automation to drive impact.

Discover actionable takeaways, real-world use cases, and expert analysis to stay ahead in 2025 and beyond. Whether you're optimizing existing campaigns or exploring direct mail for the first time, this report is your essential guide.

93%

of industry leaders agree that direct marketing serves as the basis of all integrated marketing strategies.

More and more organizations have started using direct mail for various purposes, from marketing and sales, to transactional and compliance.

# Report Methodology

This report is a result of a survey we conducted, wherein we questioned 750+ clients from different industries across North America. Each of these businesses has 150–1,500 employees.

Our respondents, regularly working with direct mail and always seeking out better campaign strategies, carry these titles:

# Report Methodology

We have surveyed organizations in wide annual revenue ranges, from less than \$1M to above \$1B.

Most respondents had hands-on experience with conducting direct mail campaigns for at least 2-3 years.
